Hope Widdows

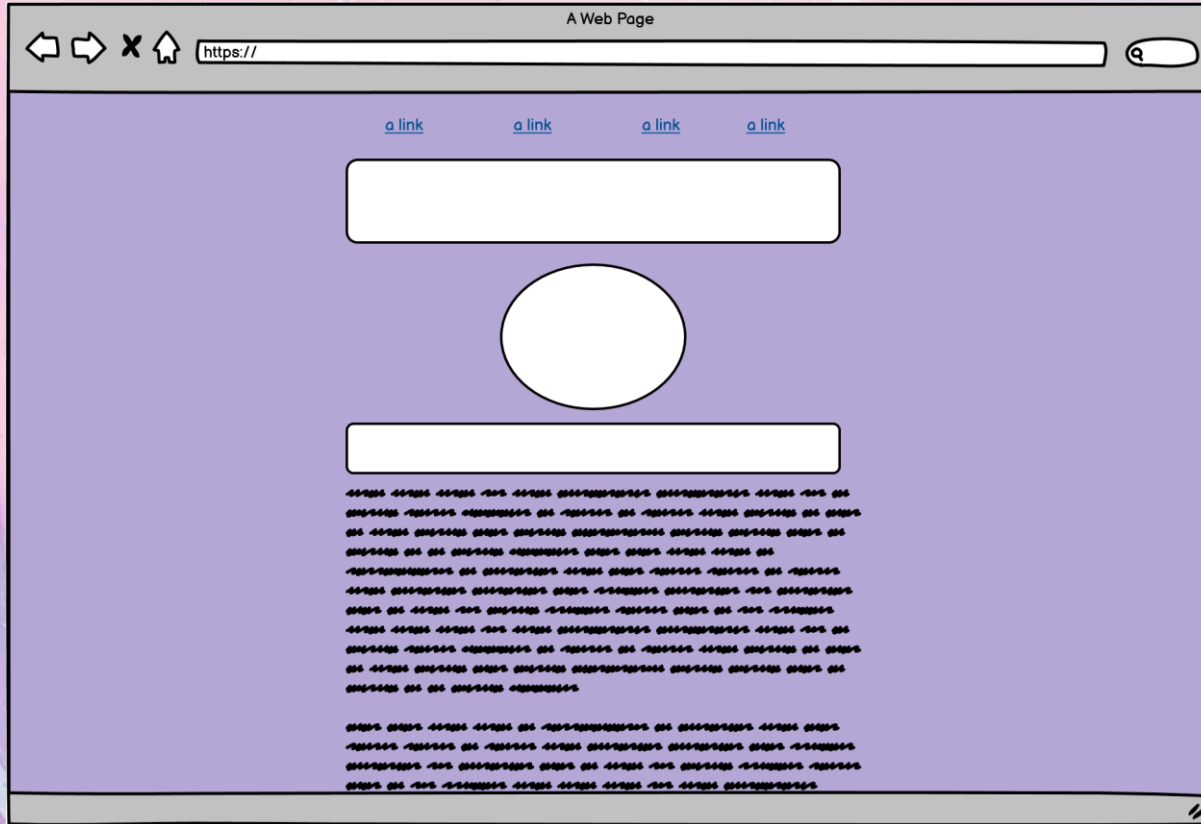

Design Process

- Thought about how I wanted to present myself, my personality and what content needed to be presented
- Played with wireframes with no real idea what it was that I was doing
- Started writing HTML with the hopes that I would figure it out as I went along, it kind of worked
- Started adding CSS and having fun with how easy it felt to create a fun webpage (how naïve!)
- Realised I really needed a game-plan of sorts if I ever wanted to produce the required assessment
- Started over
- Repeated the above process multiple times and continued to deny my own insanity
- Continued to play with different elements, writing and deleting things line by line , until I almost figured out what I was doing

Contact Page - Tablet

A tablet screenshot of a contact page. At the top, there is a navigation bar with four buttons: 'Home', 'Experience', 'Blog', and 'Contact'. Below the navigation bar is a large heading 'GET IN TOUCH!' in bold. Underneath the heading is a text box that says 'Fill in the form to reach me directly, or find my contact details at the bottom of the page!'. Below this text box are four input fields: 'Your Name', 'Your Email', 'Message', and 'Send Message'. At the bottom of the page, there is a contact information box with the email 'CCC012108@coderacademy.edu.au' and the phone number '0400 123 456'. Below the contact information box are five social media icons (Facebook, LinkedIn, Twitter, Instagram, and YouTube) and a 'Return to Top' button.

Contact Page - Mobile

A mobile screenshot of a contact page. The page has a dark blue header with a white navigation bar containing links for Home, Experience, Blog, and Contact. Below the navigation bar is a dark blue section with the text 'GET IN TOUCH!' in white. This is followed by a light blue section with the text 'Fill in the form to reach me directly, or find my contact details at the bottom of the page!'. The form consists of three input fields: 'Your Name', 'Your Email', and 'Message'. Below the 'Message' field is a 'Send Message' button. At the bottom of the page, there is a dark blue section with white text providing contact information: 'Email: CCC012108@coderacademy.edu.au' and 'Phone: 0400 123 456'.

Review and Challenges Faced

Overall review of experience

- I thoroughly enjoyed the buzz of building something brand new, from scratch, and on my own (mostly... big thanks to search engines, Oliver and Jeremy and my fellow students!)
- When things worked, it felt incredible, but when they didn't I reminded myself that I'll be learning forever, breaking things is the best way to learn how to fix them, and that's why I chose this industry.

Challenges

- Being awfully naïve about the process required to build an effective and functional website
 - Focusing too much on aesthetic dreams instead of required content
 - Working with responsive design (as evidenced in some screenshots)
- This is supposed to be under ten minutes, I can't keep listing challenges or we'll never get out of here!
